LIFE ENRICHMENT CENTER NEPAL (LECN)

Giving Hope to the People

Life Enrichment Center Nepal (LECN) is a non-profit organization established in 2023 to empower individuals and communities through vocational skills training, education, and holistic community development. Founded under the God-given vision of Dr. Kewal Bahadur Khadka, Founder Director, the organization seeks to transform lives by equipping people with practical skills, restoring dignity, and creating opportunities for sustainable livelihoods. LECN is committed to serving disadvantaged, marginalized, and vulnerable individuals, especially women and youth, by helping them develop the skills, confidence, and resources needed to become self-reliant and productive members of society. Through compassionate service and practical empowerment, we seek to demonstrate God's love and bring lasting transformation to communities throughout Nepal.

OUR VISION & MISSION

Our Vision is to see individuals, families, and communities empowered with skills, dignity, and opportunities, enabling them to achieve their fullest potential and experience sustainable transformation. We envision a society where every woman and child can lead a life of dignity, empowerment, and prosperity within inclusive and supportive communities.

Our Mission is to empower women, youth, and vulnerable communities through vocational training, education, community development, and holistic support. We strive to provide the tools, resources, and opportunities necessary for self-reliance, economic stability, and personal growth while demonstrating God's love through practical service.

Founder Director's Message

Life Enrichment Center Nepal was established in response to a vision from God to bring hope, empowerment, and transformation to people who are struggling with poverty, unemployment, and limited opportunities. Through vocational training and community development, we desire to help individuals discover their God-given potential and become self-reliant contributors to society.

*Dr. Kewal Bahadur Khadka &
Khumukcham Rina Devi Khadka*

Today, we are grateful to be providing tailoring training that is already impacting lives and helping participants gain valuable income-generating skills. However, this is only the beginning of a much larger vision.

Our dream is to establish additional vocational training programs such as plumbing, barista training, electrical technician training, mobile phone repair, computer education, and entrepreneurship development. These programs will provide practical pathways toward employment, self-employment, and economic empowerment.

I sincerely invite churches, organizations, businesses, donors, trainers, and friends to partner with us. Together, we can equip more people with life-changing skills, strengthen families, and transform communities through the love of God expressed in practical action.

CURRENT PROGRAM & FUTURE VOCATIONAL TRAINING VISION

Tailoring Training

At present, Life Enrichment Center Nepal is conducting Tailoring Training for women and youth who desire to learn practical sewing and garment-making skills. This program helps participants develop confidence, generate income, support their families, and build a better future.

As resources and partnerships become available, LECN plans to expand its training programs to include:

- | | |
|--|---|
| 1. Tailoring and Fashion Design | 6. Basic Computer Training |
| 2. Plumbing Training | 7. Entrepreneurship and Small Business Development |
| 3. Barista Training | 8. Life Skills and Leadership Training |
| 4. Electrical Technician Training | |
| 5. Mobile Phone Repair Training | |

These programs will equip learners with practical and marketable skills that can lead to employment, self-employment, and sustainable livelihoods.

Partnership Invitation Although our vision is great, our current resources are limited. We are therefore earnestly seeking partnerships with churches, Christian organizations, businesses, vocational institutions, donors, and individuals who share our passion for empowering people through skill development and community transformation.

OUR STANDING INVITATION

Although our vision is great, our current resources are limited. We are therefore earnestly seeking partnerships with churches, Christian organizations, businesses, vocational institutions, donors, and individuals who share our passion for empowering people through skill development and community transformation.

Your partnership can help us:

1. Establish additional vocational training programs
2. Purchase training equipment and materials
3. Sponsor disadvantaged students
4. Provide professional trainers and mentors
5. Create sustainable livelihood opportunities
6. Expand community outreach and development initiatives

We warmly invite you to join hands with us in this mission. Together, we can equip people with valuable skills, restore hope, strengthen families, and transform communities for the glory of God.
